Contract Arbitration

The Arbitrator, Richard Hornung Q.C, has delivered his decision. The Bargaining Team is currently going over the decision to determine the full impact on the membership and will have a detailed summary of the award available by the end of the weekend. Meetings have been scheduled for Toronto Montreal and Ottawa next week in order to explain the new Collective Agreement. Meetings will be scheduled for the remaining sites as soon as possible. The Bargaining Team would like to thank the membership for their patience and support throughout this long and difficult process.
